

7th November 2011

Dear Parents/Carers,

Re: Astrodome – Mobile School Planetarium – Friday, 2nd December 2011

I am writing to advise you that the Astrodome – Mobile School Planetarium has been booked for all Year 1 children on Friday, 2nd December 2011.

This is an exciting educational experience set in a portable planetarium with the accuracy of a full size planetarium. This day will include two Astronomy presentations which are part of the National Curriculum. The presentations will show an imaginary space-flight from Earth to the outer edges of our solar system. This teaches the all important movements that affect our everyday lives. It includes explanations of night and day, Earth and Moon systems, Eclipses, the Sun, the Seasons, the Planets and their Moons, Stars and Galaxies and more. Further information can be seen on Astrodome's website, www.astrodome.tv

There is a cost for this educational day of £2.50 per child. If you would like your child to take part in this day, please send your money along with the reply slip below into your child's class teacher in a named envelope.

Thank you.

Mrs D. Mooney
Headteacher

✂

.....

I would / would not like my child in
..... class to participate in the Astrodome Educational
Day on Friday, 2nd December.

I enclose £2.50.
